SECTION B. PEDIATRICIAN'S OR HEALTH VISITOR'S OBSERVATION:

During the appointment. has the child made eye contact with you?

ii. Get child's attention, then point across the room at an interesting object and say "Oh look! [child's name] a [name a toy]!" Watch child's face. Does the child look across to see what you are pointing at?

*iii. Get the child's attention, then give child a miniature toy cup and teapot and say "Can you make a cup of tea?" Does the child pretend to pour out tea, drink it, etc?

*iv. Say to the child "Where's the light?",or "Show me the light". Does the child point with his/her index finger at the light?

Can the child build a tower of bricks? If so, how many? (Number of bricks)

YES NO

YES (1) NO

YES (2) NO

YES (3) NO

YES NO # Bricks:_____

To record yes on this item, ensure the child has not simply looked at your hand, but has actually looked at the object you are pointing at.

2. If you can elicit an example of pretending in some other game, score a yes on this item.

3. Repeat this with "Where's the teddy?" or some other unreachable object, if the child does not understand the word "light." To record yes on this item, the child must have looked up at your face around the time of pointing.

Items w/ asterisks are considered critical screening items. Two or more "no's" in Section A are cause for concern.
